MEMORANDUM

To:
Executive Director
Central Intelligence Agency

Subject: Personnel with Military Reserve Status

Reference is made to your memorandum of April 27, 1948, and to subsequent conversations on the above subject with of your agency. This office interposes no objection to your arranging for the mobilization assignment to CIA of those employees of the Department of State on detail with CIA who have military status, and for their inclusion in the CIA special program covering requirements for maintaining such status.

I feel that CIA is taking a sound step in this program, and I have been interested for some time in developing a similar program for the employees in my area who have military reserve status. It would therefore be helpful if we could have the benefit of further discussions with Mr. when your final plans are developed. It would also be appreciated if you would bear in mind our interest in this program, and consider the feasibility of (including the reserve personnel of this area of the Department of State in the CIA program.) - no 103
